

COLORED MEN HANG THEIR COUNTRYMEN

SIX NEGROES ARE LYNCHED IN TEXAS.

Summary Execution By a Mob to Avenge the Brutal Murder of Three Innocent Persons—Victims of the Lynchers Had Confessed All Suspended on the Same Tree.

Houston, Tex., May 1.—Six young negroes were lynched Thursday night by a mob of negroes for the murder of three negroes at Sunnyside, Walter county.

Last fall a German from Brenham was robbed of \$65. Suspicion pointed to the four brothers named Thomas. They confessed the theft, saying they had given \$30 of the money to Henry Daniels. Daniels spent the money, and on Sunday night last the Thomas brothers, according to their confession, decided either to collect their \$30 or kill Daniels.

Henry Daniels, an old negro, lived in a little hut with his stepdaughter, Marie, and a seven-year-old child. Wednesday night the house was broken open, Marie Daniels and the seven-year-old child were attacked and killed, and Daniels was clubbed to death while trying to protect those in his charge. The bodies of Daniels and his stepdaughter were thrown into the house and the child was thrown into the well. The house was set on fire.

The burned remnants of human bodies and the bloodstains about the premises told the story of murder.

The local officers went to work with a will, and were assisted by the best citizens of the neighborhood. The bloodhounds from Steele's plantation were secured, and they were not long in finding the right track.

Before night they went straight into the place where the Thomas boys resided, and one by one they were secured. Fayette Rhine, twenty-one years old; Will Gates, thirty-five years old; Louis Thomas, twenty years old; Aaron Thomas, thirteen years old; Jim Thomas, fourteen years old, and Benny Thomas, fifteen years old, were placed under arrest. Later on Will Williams was captured. When taken they were smeared with blood, and a bloody shirt was found hidden in Richmond's house.

The boys were confronted with the evidence, and owned the committing of the crime, and laid the killing to Louis, the oldest.

The seven prisoners were under guard Thursday night about 12 o'clock, when the guards were overpowered by a strong body of men and the prisoners taken toward the Brazos bottom, north of here. A little later forty or fifty shots were fired and all was quiet.

In the morning, dangling from the limbs of a large tree were found the bodies of six negroes.

Washington, May 1.—The United States consul-general at Nuevo Laredo, Mexico, reports to the department of state a visit to that place from the delegation of "the Gulf and Interstate Transportation company," appointed by the governors of Kansas, Nebraska, Missouri, Oklahoma, and Texas. They were particularly impressed with the opportunities which exist for the corn trade.

The committee was introduced to the Mexican officials, who gave assurance of earnest co-operation in any movement for bettering the mutual interchange of agricultural products.

May Postpone the Election.

Indianapolis, Ind., May 1.—Gov. Mount has about made up his mind to respect a request from many of the citizens of the Fourth congressional district that the election of a successor to William S. Holman be postponed until next fall. It is pointed out to him that if the election should be called for next month it would come at a time when the farmers would be too busy to be interested. The governor is inclined to wait until October.

To Defend Our Coasts.

Washington, May 1.—The Naval War college plan for the co-operation of the naval militia with the navy in defending the coasts of the United States has been approved by the navy department. Favors 90-Cent Whisky Tax.

Washington, May 1.—It is very probable that the secretary of the treasury will soon recommend to congress a material reduction to 90 cents of the internal revenue tax on distilled spirits, and an increase on the tax on beer. The action will be taken on the ground that the present tax of \$1.10 a gallon is above the revenue producing point.

Driven Insane Through Idleness.

LaPorte, Ind., May 1.—Robert Ferguson, a convict in the northern prison, has been driven insane by enforced idleness, the result of the abolishment of the contract system of labor.

THE TRADE REVIEW BY DUN & COMPANY

BUSINESS OF THE COUNTRY STILL SLOW.

Week Has Been One of Disappointment—Unfavorable Situation Explained—Gold Exports Have Commenced—The Failures of the Past Week About the Same As Last Year

New York, May 1.—R. G. Dun & Co.'s Weekly Review of Trade says:

"In spite of moderate improvement in most of the great industries, business is disappointing. Expectations of a speedy end of the war in Europe through Turkish victory have helped to depress grain. The demands of Austria and China have caused exports of \$6,500,000 in gold, merchandise imports are greatly increased, and final action of congress on the revenue question seems more remote. Wheat rose last Saturday nearly 2 cents, but has fallen since that day about 5 cents. This is largely because European markets did not sustain the expectations of a great foreign demand after the outbreak of war and because events appeared to foreshadow speedy peace, but the tidings from wheat-growing states, the receipts from farms, and the enormous exports of corn all had influence.

"The exports of gold would not have much influence if it were not an extraordinary increase in merchandise imports and some decrease in exports from New York, large for the last week, and 5 per cent for April. Imports have increased about 50 per cent over last year for the week, and for four weeks have been 30 per cent greater. At Boston imports of wool have been extraordinary, and at Philadelphia they have amounted for the month to \$1,278,000.

"Of the great industries, the iron and steel manufacture is slower in advancing now, as it was much the quicker in the winter. There is more business in cotton and woolen goods, and a little better tone in prices, some cotton and some woolen goods having slightly advanced without general change. The mills are rather better employed, and the demand is apparently increasing. Imports have been enormous; if current reports are not in error, more than 100,000,000 pounds in April alone. Sales for the last four months have been 180,202,650 pounds.

"Failures for the week have been 237 in the United States, against 238 last year, and 40 in Canada, against 31 last year."

At 8:45 o'clock there was a parade of the Ancient Essenic Order and other orders, and 3,000 men were in line. They acted as an escort to Gov. Robert L. Taylor, who was accompanied by state and city officials.

The opening exercises were held in the Auditorium at 1 o'clock. Addresses were delivered by Gov. Taylor, President Thomas and Director General Lewis. At noon the machinery was started by President McKinley, who pressed a button at Washington connected with a telegraph wire at the exposition grounds.

Then followed the formal reception of the fountain of electricity by Mrs. Kirkman, on behalf of the women's board. There was a public reception in the Women's building, opening exercises in the Children's building, a grand open-air concert and Japanese day fireworks.

Chicago, May 1.—Sheriff James Ireland of Iroquois county, who has been in Chicago hunting for Banker John S. Sheldon, left for Loda, Ill., yesterday, accompanied by Oliver M. Parsons and Louis S. During the morning they held a consultation with the state's attorney of Iroquois county and it was decided to arrest Sheldon on the charge of embezzlement, if he can be found. No schedule of assets of the Loda bank has yet been filed. They are estimated to be about \$150,000. Without including the contingent liabilities the estate, it is claimed, will not pay more than 60 cents on the dollar.

GREEKS WIN A FIGHT AND SLAY MANY MEN

BETTER NEWS RECEIVED FROM THE FRONT.

Great Battle Said to Have Been Won at Velestine by General Smolenski's Brigade—Sultan Dictates Terms of Peace—France Wants an Armistice—War News.

Athens, April 30 (midnight).—A telegram just received here says a great battle has been fought at Velestine between a Turkish force of 8,000 and Gen. Smolenski's brigade. The dispatch states that the Turks were repulsed with enormous losses.

The Turks attacked Velestine Junction Tuesday night with four squadrons of cavalry and a battery of horse artillery. The large force of Greeks there easily beat the Turks off, but not before they had displaced half a dozen rails and cut the telegraph wires. The latter were repaired, and on Wednesday the train service was resumed. Fighting was renewed Wednesday night, but without special results. Thursday night the Turks assembled in great force in the direction of Velestine, and, as it was suspected that they were also between this point and Trikala, a general attack was believed to be imminent. Fighting, however, occurred only in the vicinity of Velestine.

The Turks made an attack before dawn, but were successfully repulsed. Three times in the course of the morning was the attack repeated, each time from a different direction, and each time the result was a repulse. The Turks, however, pushed the attack with utmost determination for six hours, and only abandoned the attempt to seize the junction about noon.

The Greeks behaved well, the 3d brigade and artillery particularly distinguishing themselves under Gen. Smolenski.

A dispatch from Arta confirms the report that the Turks have occupied Philippiada.

The report of the retreat in Epirus is confirmed. The Greeks are abandoning all positions they had occupied except Salagora. Philippiada is among the place evacuated.

TURKEY DEMANDS THESSALY.

Offers Terms of Peace to the Greek Government.

New York, May 1.—A special to the World from Washington says:

"The terms of peace which Turkey has offered Greece have reached the Washington legations. They are as follows:

"The restoration of the boundary fixed by the treaty of 1831, which gave to Turkey all of Thessaly, including its extensive seacoast; the evacuation by Greece of Preveza and other points in the Province of Epirus; the withdrawal of Greek troops from Crete, and the acceptance of the plan of autonomy offered the island by the Porte, and the paying of a war indemnity large enough to cover the expense of the mobilizing of the Turkish troops."

Paris Temps Wants Peace.

Paris, May 1.—The Temps urges the new Greek cabinet to lose no time in recalling Col. Vassos from Crete and so give Europe what she has been demanding so long in vain. This, the Temps adds, is the best way to prepare for the intervention of Europe and not give Turkey time to form dangerous ideas as to the rearrangement of frontiers. The Temps also demands an immediate armistice.

Turk Offends the Powers.

London, May 1.—The News publishes a dispatch from Vienna which says the powers do not approve Turkey's continued preparations for war.

Treaty Nears a Vote.

Washington, May 1.—The arbitration treaty, which has been so long before the senate and so elaborately amended, is to be disposed of on Wednesday of next week. The general feeling is that the vote upon the treaty, even in its amended form, will be close. The fact that a two-thirds vote is required to ratify it, and that many feel that absent senators have a right to demand pairs on this basis, so complicates the matter that few members of the senate are willing to express an opinion as to the prospects of final success or failure of the measure.

Marquis of Salisbury's Reply.

London, May 1.—The foreign office has mailed the reply of the Marquis of Salisbury to the request from Washington for a re-inquiry into the Behring sea fisheries disputes. It is reported that the British premier's reply is in the negative, on the ground of expense. Washington asked for a prompt reply, which was hurriedly drawn up and dispatched this week.

Earthquake in West Indies.

Washington, May 1.—The United States consul at Guadalupe, West India island, has telegraphed the state department under date of April 29, from Point Aipre, as follows: "Severe earthquake; loss heavy; many injured."

DUNLOP IS NOW IN PRISON

Editor of the Chicago Dispatch Taken to Joliet.

Chicago, May 1.—Joseph R. Dunlop, publisher of the Chicago Dispatch, was arrested Friday afternoon at 5 o'clock by United States Marshal John W. Arnold. He spent the night in the custody of the officer, and was taken to Joliet this morning at 11 o'clock, over the Alton road. President McKinley refused to interfere in the case.

Joseph R. Dunlop was indicted by the federal grand jury Oct. 24, 1895. The indictment secured by Robert McAfee, western agent for the Society for the Suppression of Vice, was for sending obscene matter through the mail, and contained thirty-two counts.

The trial was begun before Judge Grosscup Jan. 30, 1896. Five days later the jury returned a verdict of guilty. Overruling a motion for a new trial, Judge Grosscup sentenced Dunlop to the Joliet penitentiary for two and one-half years and to pay a fine of \$2,000. Sentence was suspended to allow an appeal to the Supreme court. Feb. 15 the Supreme court affirmed Judge Grosscup's sentence. The official mandate was received in Chicago March 19, but action was deferred by Attorney-General McKenna that the president might investigate the case.

DYNAMITE SPREADS DEATH

Explosion in San Salvador Kills Many Persons and Levels Buildings.

Panama, May 1.—A terrific explosion of dynamite in San Salvador Friday resulted in the destruction of two entire blocks of the city and caused the loss of many lives. The extent of the damage and the loss of life is not known here yet, and probably will not be until the wreckage is cleared away.

The work of rescue is being rapidly pushed, but it is known that there are still many bodies in the ruins. In addition, several persons were killed instantly in the streets, and the entire city was shaken by the concussion.

No More Farmers' Institutes.

Lansing, Mich., May 1.—The house killed a bill appropriating \$11,000 for holding farmers' institutes for the years 1897-98, and passed a bill authorizing the construction of an electric railroad from Lansing to St. Johns. The senate refused to consider the house resolution passed for final adjournment on May 31, and passed bills authorizing the issue of telephone stock in amounts of \$10. One hundred dollars is the minimum denomination under the present law. It also passed a bill appropriating \$115,000 for the current expenses of the Michigan School of Mines.

Farmers Have Lost River.

Quincy, Ill., May 1.—The river continues to fall here. The stage is seven feet ten and one-half inches above low water mark. At least 250 families are homeless as a result of the break in the Hunt levee. Thirty-one hundred acres of land will be inundated in the Hunt and Leina districts. Should the water inside these districts prevent the farmers from raising a crop this season it will entail a loss of \$400,000, besides the damage already done by the overflow. Many of the farmers are sacking their corn and piling the sacks on the levee to strengthen it.

Catholic Women's Convention Ends.

Chicago, May 1.—Before closing their annual convention at Handel hall with last evening's session, the Women's Catholic Order of Foresters elected the following officers: Mrs. Elizabeth Rogers, high chief ranger. The next annual convention will be held in Chicago next April.

Wrecked by Gas Explosion.

Indianapolis, Ind., May 1.—The business portion of the city was shaken Friday night by an explosion of natural gas in the basement of the block Nos. 35 and 37 East Washington street. The building was totally wrecked. Fire followed the explosion, though it was soon placed under control. Clark's photograph gallery, the largest in the city, is wrecked, and Boyd, Besten & Langen, dry-goods merchants, are heavy losers. No one was hurt.

Three-Cent Fare Hearing.

Indianapolis, Ind., May 1.—The supreme court has set the state case involving the constitutionality of the 3-cent street car fare law for hearing May 19, and it will be pushed to a decision at once. Kaukauna, May 1.—[Special]—William M. Van Nortwick, president of the Western Paper Bag Company, has made a proposition to the creditors of the company for the settlement of its indebtedness, amounting to \$498,781.76.

Of this sum about \$249,000 is due the assignee of William M. and James S. Van Nortwick, and to corporations in which they are interested.

In the event of a settlement being made by the latter, the indebtedness of the Western Paper Bag Company to them and these other corporations, will be arranged by William M. Van Nortwick and will not have to be paid out of the assets of the Western Paper Bag Company, provided the other creditors of the Western Paper Bag Company accept the plan.

If this proposition is not accepted by all of the creditors, then the property will have to be sold by the receiver under the direction of the court, and all creditors, including the assignee of William M. and J. S. Van Nortwick, and the corporations in which they are interested, will share in the proceeds of such sale.

MAY SINK THE DIFFERENCE

Revolutionary Societies at Work on a Plan of Consolidation.

Cleveland, Ohio, May 1.—The national congress of the Sons of the American Revolution has brought to Cleveland many distinguished men, and when the session of the society opened in the chamber of commerce rooms Friday morning men prominent in various walks of life were present. The absorbing topic at the morning session was the proposed union with an organization bearing a similar name, the Sons of the Revolution. There has been a decided inclination for months to unite the societies, and it is likely that the convention will take steps looking to that end before it adjourns.

The secretary's report showed that the society has an organization of 9,600 members in thirty-six states, with a society in Hawaii. Edwin S. Barrett, Massachusetts, was elected president.

Anti-Cigarette Bill Passed.

Found the Guns Intact.

Athens, May 1.—A correspondent of the Associated Press, who was at Larissa with the Turks on Wednesday, says that on the arrival of the Turkish troops there they found all the guns of the fortress intact and obtained possession of immense quantities of ammunition of all kinds. DAUGHTERS ARE THANKFUL

Report Made of the First Public Celebration by the D. A. R.

At a meeting of Janesville Chapter Daughters American Revolution the following paper was read and it was unanimously voted to have the same published in the city papers.

"Our Regent has doubtless heard from all members of our chapter, only words of praise as to her ability as a presiding officer and that we were proud of her as such, the evening of the twentieth goes without saying."

"Our entertainment proved a great success, every one says, who says anything about it, and what every one says, must be true."

"When the committee of arrange-
ments found it impossible to do all the
work necessary, we appointed a com-
mittee to act as judges in awarding
the prizes; another on the decorations;
Mrs. Veeder on advertising. The re-
sult of work they accomplished shows
we made no mistake in appointing said
committees. We thank them very
much for their valuable assistance."

"Our vice Regent made an ideal
chairman, and there never could have
been a more pleasant and harmonious
one, than this committee of four,
Messdames Wright, Clappitt, Veeder
and your humble servant."

"At our second meeting the pro-
gram was arranged, and carried out
to the letter, barring the playing of
Smith's orchestra, which we at first
secured for the evening of the 19th.
The Orpheus Mandolin club came to
our rescue, however, and very kindly
furnished us sweet and pretty music,
gratis."

who took part, the two little people
who recited so beautifully for us, all
have received verbal thanks."

"We feel deeply grateful to and

STATE CYCLE RACING PLANS.
List of Circuit Cities Will Be Made Up
In Ten Days.

Local wheelmen have just ten days
in which to decide whether or not
Janesville is to be included in the state
bicycle racing circuit. All communi-
cations should be addressed to Chair-
man Jones at Racine. The details of
the circuit have not been decided up-
on, but the plan of the board is to con-
duct the circuit on the same basis, as
in former years. Last year only a
few clubs asked for dates and conse-
quently no regular circuit could be
formed, but the conditions are more
favorable this season.

MAY GO BACK TO NORWAY
Janesville Couple Contemplate Returning
to Their Native Land.

Mr. and Mrs. Olie Johnson, who re-
side on South River street, and who
have made Janesville their home for
the past twenty years, are seriously
contemplating removing to their na-
tive land, Norway. They are
well pleased with America, but still
love the land of their birth, and where
their numerous relatives reside.

RACE ON THE FORTH OF JULY.
Local Horsemen May Hold a Meeting On
Independence Day.

The present indications are that the
Forth of July will be celebrated in this
city by a race meeting to be held at
the Fair grounds. Local horsemen are
interested in the matter and think
that as no circuit race meeting is to
be given here this summer, that a "mat-
inee" would draw well from all parts
of the county.

The Feature That Draws.
The Dry Goods Chronicle has
come to the conclusion that
"general advertising" operates
on a community in a general
way; but the feature that directs
the steps of the purchaser
straight to your store is the fact
of the published price and de-
scription of the goods. And the
principle that works in dry
goods ought logically to work
successfully with most other
goods.

ASK FOR WOLF SCALP RATES
Outsiders Take an Interest in the Rock
County Bounty List.

County Clerk W. J. McIntyre is
wondering why so many outsiders are
taking such an interest in the amount
of bounty this county pays on wolf
scalps. During the past few days
Clerk McIntyre has received letters
from persons residing both in and out
of the county, asking how much
scalps are worth. The suspicion nat-
urally arises, that scalps may be
shipped all over the county and
presented wherever the largest bon-
us is paid. Rock county pays \$5
each, but the fee used to be \$10. Not
a scalp was paid for in the county
during the past year.

MANY ASK PRICE OF TICKETS
Janesville People Interested In the Ex-
pense of Trip to Paris.

Judging from the large number of
inquiries that the local steamship
agents are receiving, it would seem
that half the population of this city
were thinking of attending the great
Paris exposition in 1900. One local
agent claims that he received fifty in-
quiries inside of one week, all the per-
sons intimating that they would at-
tend if the steamship rates were low
enough.

there the printer's ink gives

budding lilacs.

Opportunity For Home-Seekers.
There are excellent opportunities
along the line of the Chicago & North-

At a meeting of Florence Camp No. 366, Modern Woodmen of America, the following resolutions were adopted on the death of the late Harley T. Roof.

RESOLVED, By Florence Camp No. 366, M. W. of A., that while we bow with submission to the will of Almighty God, we do not thoughtlessly mourn the loss of one who has been taken from our midst.

AN EXAMPLE.

The Story of a Man Literally Rescued From Death.

To the Sagacity and Instinct of the Indian, Does He Attribute His Recovery.

A slight pain or a little distress after eating, not enough to cause you to think, to worry for it. But this is a symptom and warning that you have some derangement of the stomach. If neglected, Chronic Dyspepsia results, and let this continue, as it surely will, unless attended to, a disease of the stomach takes place, that becomes incurable. Gastric ulcers form on the lining of this most delicate organ. They eat into its tender membrane

and destroy its tissue and mar its power to perform its ordinary functions, and such food as should be taken to be of benefit to the body, only causes pain. The blood becomes emaciated from the discharges of these loathsome and ever-eating ulcers, until at last the patient dies from sheer exhaustion or from internal hemorrhage should one of the life consuming sores perforate some artery.

Kickapoo Indian Sagwa is the great blood purifier. For diseases of the stomach, liver and kidney it is a positive cure. Not only is relief given instantly, but a new lease on life is quickly effected. In this connection, Mr. Frank Boardman of Vermale, Minn., writes:—

"Kickapoo Indian Medicine Co., Gentlemen:—I have been a great sufferer for years from Dyspepsia. Could eat nothing without great pain. Tried many remedies without relief. The least particle of fat in my food caused me the most intense pain. As a last resort, I purchased a bottle of Kickapoo Indian Sagwa. Imagine my joy when I found what it had accomplished. It cured me. I am now strong and healthy. Can eat anything and relish what I eat. Sufferers from Dyspepsia should not fail to take this grandest of medicines. I would not be without it.

Yours Respectfully,
FRANK BOARDMAN.

Remember that Kickapoo Indian Sagwa is sold at all druggists at \$1. per bottle.

South Dakota in Springtime

Is clothed with verdure green and spotted with beautiful blue and white prairie flowers tokens of luxuriant soil like that fair country to which Moses led the children of Israel in ancient times.

And like unto that land of plenty, South Dakota out-rides its sister states of the east in the products of its soil, sown, cultivated and harvested in less time and with greater ease than in any other portion of the United States.

And so we say unto you that now is the opportunity of a lifetime to "Go west and buy a farm." For descriptive lists and prices, address G. S. H. Heafford, G. P. A., Chicago, Ill.

Real Question at Issue.

He was pressing, but she hesitated. He had had some experience and was inclined to be cautious.

"You will be mine!" he exclaimed. "Say you will consent to make me the happiest of mortals!"

She thought it sounded a good deal as if it had been memorized from a love story, but she let that pass.

"Can we afford to marry?" she asked. He looked startled.

"I'm sure I don't know," he answered. "How is your father fixed?"—Chicago Post.

A Mistake Corrected.

"Grandma," said a Murray Hill young lady, "Clara Van Spuyten says that you and grandpapa kept a corner grocery store when you were young."

"She is mistaken," said grandmamma.

"I knew she was, the mean spiteful thing. The idea!"

"Yes, she is mistaken," went on the old lady, retrospectively; "we kept a grocery store, but it wasn't on a corner."—Tammany Times.

DEMOCRATS AFTER HIM.

Mr. Cleveland's dramatic stand has

stirred to indignant protest one democ-

rat who during the last campaign

fought for honest money. Henry Wat-

tersson thus speaks.

"He (Mr. Cleveland) differs from the

ruff-raff of his class only in his high

pretensions and profound hypocrisy.

He hopes in the hurly-burly of affairs

to force himself first upon the party

and then upon the country as the rep-

resentative of clean politics and the

public order. He represents neither.

He represents only his own lust for

office."

These words from Editor Watersson

lead the democratic New York Sun to

remark:

"Mr. Cleveland has been found out.

The people know him and will have no

more of him. He is permanently re-

tired from public life, with an ample

fortune to support him in the luxuri-

ous evolution of platitudes in the

shades of Princeton."

Importers expect to have a year's

supply of goods on hand from foreign

countries before the new Dingley tariff

bill becomes a law. Yet that bill is

likely to get on the statute books in

less than one-fourth the time occupied

in the consideration of the Wilson bill.

The fact that a naval station in Cu-

ba would control all commerce from

gulf ports and the Isthmus of Panama

is pointed out by Captain Mahan, the

distinguished naval historian. It

should be considered by Congress be-

fore the Cuban question is dropped.

Vice-President Hobart is winning

high commendations as a presiding

officer of the senate. One of the oldest

officials of that body says he is devel-

oping greater capacity and ability as

a presiding officer than any vice-pres-

ident whom he has ever known.

The thousands of old soldiers who

were dismissed from office by the

democratic administration are being

restored to their position as rapidly as

possible by the republican party, now

in control of the government.

When the new telegraph instrument

that sends five thousand words a min-

ute has been perfected there will be

less excuse for Chicago papers prepar-

ing their war dispatches upstairs in

Reports from 113 German beet

sugar factories show an average profit

last year of \$32,240 apiece. There

couldn't have been the percentage of

dead-beats that killed the Manitowoc

enterprise.

Democrats are scolding because the

prosperity of 1892 has not been re-

stored at once. The answer is

that the protective tariff of 1892

has not yet been restored to the

statute books.

H. S. AMES SUES THE COMPANY

Claims That His Horses Were Injured

While On C. & N. W. Train.

Because of the alleged careless handling of horses while in shipment, the Chicago and Northwestern road will be the defendant in a \$500 damage suit at the coming term of court. Liveryman H. S. Ames, of this city is the plaintiff. Mr. Ames claims that last fall he purchased a number of horses in Chicago, and in shipping them to this city, they were roughly handled and injured by carelessness on the part of the railway employees in "making up" the train, or in transit. Suit has been begun, and the case will be tried before Judge Bennett Fethers, Jeffris, Field & Mount represent Mr. Ames.

COMMON SENSE CURE.

Pyramid Pile Cure Cures Piles Per-

manently by Curing the Cause.

Remarkable Remedy Which Is Bringing

Comfort to Thousands of Sufferers.

Probably half the people who see this article suffer from piles. It is one of the most common diseases and one of the most obstinate. People have it for years and just because it is not immediately fatal they neglect it. Carelessness causes no end of suffering. Carelessness about so simple a thing as piles has often caused death. Hemorrhages occur from no apparent cause and loss of blood causes death. Hemorrhages occur during surgical treatment, often causing death.

Piles are simple in the beginning and easily cured. They can be cured even in the worst stages, without pain or loss of blood, quickly, surely and completely. There is only one remedy that will do it—Pyramid Pile Cure.

It attacks the inflammation immediately, heals the irritated surface and with continued treatment reduces the swelling and puts the membranes into good, sound healthy condition. The cure is thorough and permanent.

Here are some voluntary and unsolicited testimonials we have lately received:

Mrs. M. C. Hinkley, 601 Mississippi St., Indianapolis, Ind., says: Have been a sufferer from the pain and annoyance of Piles for fifteen years, the Pyramid Pile Cure and Pyramid Pills gave me immediate relief and in a short time a complete cure.

Major Dean, of Columbus, Ohio, says: I wish to add to the number of certificates as to the benefits derived from the Pyramid Pile Cure. I suffered from piles for forty years and from itching piles for twenty years and two boxes of the Pyramid Pile Cure has effectually cured me.

Most druggists sell Pyramid Pile Cure or will get it for you if you ask them to. It is one dollar per package and is put up only by the Pyramid Drug Co., Albion, Mich.

A Stroke of Paralysis.

THE PATIENT AN OLD MAN, BUT RECOVERS.

From the Sun, Schaghticoke, N. Y.

Peter G. Thompson is the foreman of the carpenter shop of the Schaghticoke Powder Company, at Schaghticoke, N. Y. Mr. Thompson recently had a stroke of paralysis, which at his advanced years may, very well have proven fatal. Here is what he says:

"I am sixty-seven years old, and have been employed as the foreman of the carpenter shop of the Schaghticoke Powder Company for many years. In 1894, while coming home from church, I was stricken with paralysis of the right leg. Very shortly afterward my right arm was affected, and so was my head and left eye. This latter affliction was so serious that all objects appeared double, and my sight to a certain extent was useless.

"I had two physicians attending me, and also two noted oculists, one from Troy and the other from Albany, though they could not help me, but of course their services cost a great deal of money, and as I was not earning anything, this alone was a great source of worry and discomfort to me, for things looked blue.

"It was then that I took notice of an advertisement of Dr. Williams' Pink Pills for Pale People and read of a person similarly afflicted as myself, who had been cured in the summer of 1894.

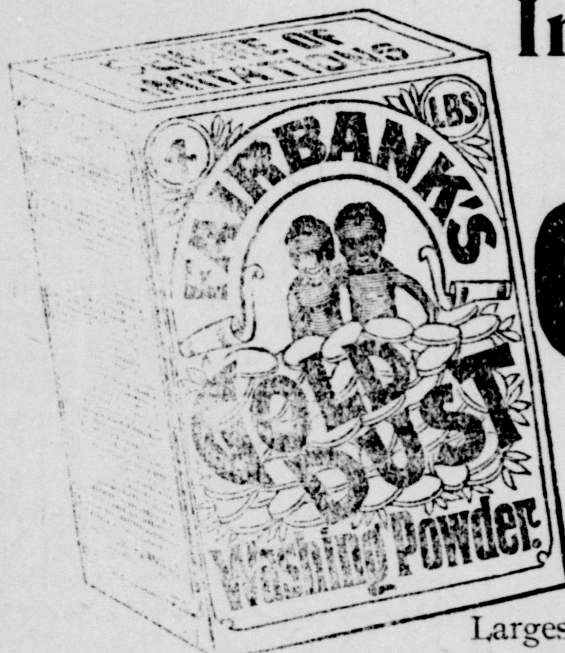

"I at once procured a supply of the pills and began taking them. I used at least four

boxes before I noticed any change, but then I began to improve, my vision became normal, my limbs recovered their usefulness, and I was once more restored to manhood.

"I am absolutely recovered which at my advanced age seems a little short of a miracle. I really am better than I was for years before I had that stroke and Dr. Williams' and his Pink Pills for Pale People are the uppermost thoughts in my mind night and day, and my thankfulness for having through Providence seen that newspaper advertisement, I can never adequately express."

The foregoing is but one of many wonderful cures that have been credited to Dr. Williams' Pink Pills for Pale People. Diseases which heretofore have been supposed to be incurable, such as locomotor ataxia and paralysis succumb to this wonderful medicine as readily as the most trifling ailments. In many cases the reported cures have been investigated by the leading newspapers and verified in every possible manner and in no case has the least semblance of fraud been discovered. Their fame has spread to the far ends of civilization and there is hardly a drug store in this country or abroad where they cannot be found.

The pills are manufactured by the Dr. Williams' Medicine Co., Schenectady, N. Y., and are sold only in boxes bearing the firm's trade mark and wrapper, at 50 cents a box or six boxes for \$2.50, and are never sold in bulk. They may be had of all druggists or direct by mail from Dr. Williams' Medicine Company. The price at which these pills are sold makes a course of treatment inexpensive as compared with other remedies.

SENSATIONAL.

SIX MIRACLES CHRONICLED
IN ST. PAUL AND VICINITY.

Well Known Citizens Cured of Bright's Disease, Rheumatism, and Other Kidney Ailments by Taking Dodd's Kidney Pills.

ST. PAUL, Minn.—The reigning sensation of the hour in St. Paul is the wonderful success that has attended the use of DODD'S KIDNEY PILLS, by many of our citizens.

Not a day passes without a chronicle of cure. Not a single failure to cure has been reported. Every form of kidney ailment yields to this sovereign American remedy.

The confident assertion of Dr. Dodd that no case of Kidney disease this side of the tomb need go uncured seems borne out by the facts here and now. Various different Kidney troubles have been treated—Bright's Disease, Diabetes, Rheumatism, Lumbago, Pains in the back, Female Weakness and Paralysis—and various persons in many diverse callings of life testify to their restoration to health. In all cases the disease has run for periods varying from six months to ten years. In each instance the cure is pronounced perfect and permanent.

Thus is justified the claim of the Dodd's Medicine Co. that Dodd's Kidney Pills are "Sure Remedy, Certain Cure, Quick Relief."

Here are the names and addresses of persons in St. Paul and Minneapolis who have written the Dodd's Medicine Co. of Buffalo, N. Y., assuring it of their cures:

Joseph Sherwood Shemmaker, 11 West Fourth St.—Rheumatism and kidney disease of six years' standing.

G. M. Stern, Barber, 416 Jackson St.—Pains in the back and rheumatism for eight months.

Philip Schnell, 257 West Third St.—Bright's disease for a year and a half; pronounced incurable by physicians.

H. T. Elliott, 3649 Columbus ave., Minneapolis—rheumatism of ten years' standing. Could not cross his legs.

Mrs. Florence Bevenue, 295 East Third St.—female weakness and paralysis of six months' duration.

Magnus Sollowig, 154 East Fifth street—rheumatism of a year and a half.

Examine your urine and see if your kidneys are ailing. If the water is clear your kidneys may be healthy, but if the water is dark, slimy, containingropy sediment, brick dust deposit, or floating islands, you have some form of kidney trouble.

Dodd's kidney pills are for sale at all druggists. If your druggist is out, write to Dodd's Medicine Co., Buffalo, N. Y. Price fifty cents a box. Six boxes for \$2.50.

NEW SKIRTS.

How to Construct Them—Not So Wide as Formerly.

Yellows are seen among the fashionable colors, both in straw and stronger tones, but are used mainly as linings.

Skirts are quite flat in front, but still full at the back. They grow closer and closer about the hips, but are ample around the foot. There are no godets in front or at the sides, all the fullness being carried behind and gathered or plaited in a narrow space. The average circumference of a lined skirt is 4½ yards. The lining is cut exactly like the outside and is attached to it, and modistes say that nothing except silk will answer properly as a

BLUE AND WHITE GOWN.

lining. Skirts have lost much of their rigidity, and are more free and supple than formerly they were.

Unlined skirts, such as are employed for light summer gowns, are of varied dimensions. Many accordion plaited ones are seen, and these are, of course, very wide. There are also ruffled skirts and skirts gathered all around the waist. These are made over a separate skirt of very moderate dimensions, but irreproachable cut, the lower edge being stiffened by a narrow facing of haircloth.

The front breadth of skirts is wide or narrow, according to the sort of material employed. No dart is placed in the middle of the front, as it gives a bad effect. The extra fullness is taken in at the top of the seams, or is disposed of by means of a dart at each side of the front.

Tailor-made skirts may be only 4 yards around and silk skirts 5 yards or more. The illustration given today shows a costume of white veiling. The skirt is adorned by applications of blue silk in bands forming V's. The close bodice, which closes at the left side under coquilles of white lace, is entirely covered by embroidered applications of blue silk. The sleeves are of white lace, the epaulets of white veiling with blue applications.

"Mrs. Nimbletung, who was to deliver the address at to-day's meeting can't be present," said the former.
"Why not?" asked the latter.
"Her husband has been seriously sick for three or four days."
"But a woman of her strength of principle won't neglect her work in the great cause to attend to the paltry needs of an individual—and a male individual at that?"
"Certainly not, but he writes her speeches."—Chicago Journal.

A Recall.
"It's real mean!" the young woman exclaimed.
"What is the matter?" her mother inquired.

"Before I married Herbert I made him promise to pass every evening at home with me, and now he says he's sorry, but he can't take me to the theater without breaking his word."—Washington Star.

Fortunate Girl.
"Charlie and I took a ride yesterday in a driving storm," said Miss Bunting to her friend, Miss Dimling.
"How fortunate you are!"
"Fortunate?"
"Yes, fortunate. If the storm was driving, of course Charlie had both his hands at liberty."—N. Y. World.

Spring Dress Goods. We are letting out some of the best of the best dress goods bargains that have ever been put over a counter. Novelty goods both in black and in colors that would regularly sell for one-half more, will be found in that great half dollar line.
